

**PLEASE READ THIS BEFORE ENTERING OUR  
WAITING ROOM**

We are aware of the current health concerns about the spread of the novel coronavirus (COVID-19). We are also concerned about the spread of influenza which is still active in our area. In an effort to protect both our patients and staff please review the listed symptoms below.

Symptoms of coronavirus and flu: **Fever, Cough, Runny Nose, Sore Throat, Body Aches, Fatigue, and Shortness of Breath.**

**In addition**, if you have recently traveled from an area with widespread or ongoing community spread of COVID-19, such as China, South Korea, Italy, Iran, Japan, or domestic (US) hot spots,

**Or** if you have been in close contact with a person known to have COVID-19 or has traveled to one of the areas listed above please follow the directions below.

**PLEASE CALL THE OFFICE BEFORE ENTERING THE  
WAITING ROOM**

Our receptionist will give you instructions as to next steps.

**We apologize for any inconvenience this may cause, but your health and the health of our patients and staff is very important to us.**

## **Care Center Visitor/Companion Policy during COVID-19 Outbreak**

To ensure the well-being of our patients and staff we are following the guidelines below:

- All companions will be screened for the following and will not be allowed to stay in the office based on these results:
  - Recent international travel history
  - Contact with individuals with known COVID-19
  - Fever, Cough, Shortness of breath, Cold or Flu-like symptoms
- Patients can have at most one adult companion with them at any appointment (it is recommended that children not attend whenever possible).
- Only patients and companions are allowed in the office.
